Address: Apapa Iganmu, Lagos, Nigeria.

Languages: English (Bilingual Proficiency), Yoruba

ABOUT ME

Highly focused, energetic, and enthusiastic graduate in Telecommunications Science and certified in Huawei HCIA-Datacom. I have hands-on experience in computer repair and maintenance, troubleshooting IT hardware and software issues, managing IT infrastructure, fiber/wireless communications, and smart system integration. Passionate about optimizing connectivity and designing scalable solutions for enterprise and campus environments. A collaborative problem-solver with a strong dedication to innovation and continuous learning in next-gen telecom technologies." Adapt at learning quickly, collaborating effectively, and driving results in dynamic business settings.

EDUCATION AND TRAINING

Bachelor of Science in Telecommunication Science

University of Ilorin [10/2020 - 08/2025]

Address: Ilorin, Kwara (Nigeria): http://www.unilorin.edu.ng/

Final grade: 4.05 out of 5.0 (Second Class Upper): Ranked one of the best graduating

students in my class.

Relevant Courses (Grades): Network Security I (A), Network Security II (A), Networking III (A), Geographic Information System (A), Student Industrial Work Experience Scheme (SIWES) (A), Research Method (A), Transmission Systems (A)

WORK EXPERIENCE

Student Intern

Network Operations Centre University of Ilorin, Ilorin Nigeria. [March. 2024 - Sept. 2024]

Country: Nigeria

- Gained hands-on experience in installing diverse technological devices including wireless
 Access points, Switches, Power beam radio.
- Trained in Point-to-Point Network Design
- Trained in ethernet LAN and Optical fiber setups.
- Trained in network Troubleshooting and Maintenance

Computer Engineering

AKINS COMPUTERS - Apapa Iganmu, Lagos. Nigeria [Sept. 2015 - Sept. 2019]

- Gained hands-on experience in computer repairs and maintenance
- Trained in troubleshooting computer peripherals, achieving a 90% first-time fix rate
- Installed, configured, and maintained computer systems for users with high satisfaction rates.

PROJECTS

Student Intern Projects:

Network Operations Centre University of Ilorin, Ilorin Nigeria. [March. 2024 - Sept. 2024]

Troubleshooting and Re-configuration of Point-to-Point Microwave Radio

I co-troubleshooted and re-configured a point-to-point microwave radio system due network downtime from the Network Operations Center (NOC) to the Faculty of Agricultural Sciences. This project significantly enhanced the efficiency and utilization of the campus network at the University of Ilorin.

Extension of LAN Connectivity for Bursary Department

I co-extended the existing LAN connectivity to improve accessibility and utilization in the Bursary Department. The project involved installing switches, cables, and modular jacks to provide reliable internet access for daily tasks. The upgrade enhanced the department's efficiency and supported seamless communication and operations.

Installation of Hikvision CCTV IP Cameras

I installed and configured Hikvision CCTV IP cameras across strategic locations within Mamtess Mega Mall to enhance surveillance and security. This deployment improved operational oversight and customer service delivery within the mall.

Undergraduate Project:

Department of Telecommunication Science University of Ilorin, Ilorin Nigeria. [April. 2025 - August. 2025]

Design and Implementation of a Fiber-Based Network System

My four undergraduate project colleague and I successfully designed and implemented a Fiber-based Network System for our department (Department of Telecommunication Science), and provided internet access to all the lecturers office in the department and the department laboratory, which helped in solving the challenges of Internet connectivity.

Troubleshooting Network Downtime

Department of Telecommunication Science University of Ilorin, Ilorin Nigeria. [Jan. 2025 - Sept. 2025]

I was one of the IT support specialists in my department (Department of Telecommunication Science), responsible for troubleshooting network downtime and network maintenance ensuring 100% network uptime, I helped in solving the challenges of Internet connectivity.

PROFESSIONAL DEVELOPMENT AND CERTIFICATIONS

- Huawei HCIA-Datacom V1.0
- CCNAv7: Introduction to Networks
- CCNAv7: Switching, Routing, and Wireless Essentials
- LetsDefend: Network Cable; Network Fundamental Course

RESEARCH WRITTEN

- M. O. Yunus, "Network Security in Telecommunications System." 2024.
- M. O. Yunus, "5G Deployment in Developing Countries." 2023
- A. S. Omoloye, H. E. Onianwa, M. H. Owolabi, O. E. Oyinwola, S. D. Sam-Olayemi, S. M. Sodamade, A. A. Taofeek-Salaudeen, U. O. Tijani, A. A. Usman, M. O. Yunus, and A. O. Suleiman, "Cryptographic Based Metaverse Platforms Using Blockchain Technology". 2025 M. O. Yunus, M. H. Owolabi, U. O. Tijani, H. Adeniyi, M. Imam, "Design and Implementation of a Fiber-Based Network System: A Case Study of The Telecommunication Science Department UNILORIN". 2025.

MANAGEMENT AND LEADERSHIP EXPERIENCE

Class Tutor

Telecommunication Science, University of Ilorin [2020 - 2025]

- $_{\circ}$ Mentored newly admitted undergraduate students of the University of Ilorin towards achieving academic excellence.
- Tutored all my course mate from the first year to the final year to achieve their academic success.

HONOURS AND AWARDS

- Second Class Upper Honors in Telecommunication Science, UNILORIN
- Ranked one of the best graduating students in the Department of Telecommunication Science, UNILORIN.
- \circ One of the Most Reputable Student in the Faculty of Communication and Information Science, UNILORIN.
- Most Supportive Course Mate Award, FCIS UNILORIN.

SKILLS AND ABILITIES

Technical Support and Troubleshooting, Networking & Telecom Infrastructure, Computer Maintenance and IT devices repair, Virtualization (VMware, VirtualBox), Ubiquiti, Cisco, networking infrastructure, Critical reasoning and numerical proficiency, Microsoft Office Suite (Word, Excel, PowerPoint), Comprehensive Reporting and Project Management.

REFEREES

Dr. Adeniran Temitayo Caroline
Telecommunication Science Department, University of Ilorin, Ilorin, Nigeria.
Ph.D. (University of Ilorin), M.Sc. (Portsmouth, U.K.), B. TECH (LAUTECH, NIG), MIEEE-CS; SEAN.
